FULL THROTTLE

THE EXCITING NEW DRIVING PIECE FROM TAITO IN TWO CABINET STYLES

In this game you must compete with time, i.e. how soon you can reach the goal. You can enjoy authentic feeling of car racing. There are 5 different courses. If you use nitro (or turbo) power in sequence, you can reach maximum speed, 500 Km/h. The cabinet moves not only right and left but also back and forth simulated with progressing of game.

and

OPERATION WOLF

THE GUN WE WAITED FOR

New upright cabinet with fixed machine gun and 20" big monitor. There are 6 different stages (army base, jungle, native village, arms depot point, hostage's prison, air port). Game is full of war story. Eliminating enemy soldiers and clear each stage, then release hostages from prison and save by plane. Enemy characters are zoomed up at random and authentic battle scenes developed on TV screen.
